### **"Getting ready to move out"**

I'm 19 now and I'm thinking about moving out, so I'm choosing experiences like Budgeting and Cooking Healthy Food.

**Reza**

### **"Better at home, too"**

I was bored and getting depressed. Then I got out and tried lots of new experiences. My depression is lifting, my interests are growing, and I have new things to talk about with my family.

**Alice**

### **"Discovering my calling"**

I'm into technology, so I tried experiences with virtual reality & startups. Now I'm applying for jobs & mentorships in these fields.

**Adam**

### **"My career is taking off"**

I met a comedian through Kudoz, and enrolled in a comedy course. Now I'm getting paid gigs.
